Leadership Development Institute

The LDI program began in 1992 and has been offered annually since that time, making it a signature program of MC. The LDI promotes the philosophy that people lead from where they are and, therefore, focuses on the participants' self-awareness of personality, vision, influencing, building relationships, and interactions with others.

The cohort is open to all MC employees—faculty, staff, and administrators—and meets for nine day-long classes during the academic year. The program ends with each participant presenting his or her project that was self-selected and developed throughout the year on the morning of the graduation ceremony.

Since 1992, 593 employees have graduated from the LDI with increased self-awareness and self-confidence, an increased network of colleagues and a sense of team bonding. The LDI always has and continues to be a program that promotes a one-college view, enhancing employees' abilities to contribute to student success. Be a part of the experience! Application deadline is **September 13.**

27th LDI
