

Power Wed. Feb. 20
To The 2 to 3:30
People Globe Hall GT

We need to show our power in putting “we” back into our divided world. Together we can solve issues of racism, sexism, and bullying. This lab activity will develop an understanding of what discrimination looks like and how to respond. Includes an optional screening of the 2018 Spike Lee film *BlacKkKlansmen* before (starting at noon) and after the lab (at 3:45). Free! Open to all students, faculty, and staff.
