

# FACULTY SHOWCASE

2019

## PRACTICING OPEN PEDAGOGY AT MONTGOMERY COLLEGE

### Event Description:

At this year's event, the discussion will focus on the concept of Open Pedagogy to explore the opportunities and possibilities open offers for teaching and learning.

### Outcomes:

- Define Open Pedagogy.
- Define renewable assignments and their value for students.
- Discover strategies that empower students in the learning process.
- Identify how to place the student at the center of the learning process, and create a more engaging, collaborative and fair learning environment.

### To Register:

Login to My MC and click on "Training & Dev"  
Click "Visit MC Learns" and click "Schedule of Classes and Events" Click  
"Pedagogy/Instruction"  
Find your workshop (listed alphabetically) and click "Enroll" at the top  
right corner of the page.

### Walk-ins are always welcome!
