

Montgomery College-Rockville Adopt- An-Alternative Breaker

Alternative Breaks are week- and weekend-long service trips that help students learn about social issues through direct service, issue education, and reflection.

Alternative Breaks provide an invaluable experience that assists students in their self-discovery, helping them see how they can make a difference in their local and broader communities.

They are also an excellent opportunity for students to meet new people and visit places they may never see otherwise.

*Sponsor a student
for our upcoming
Alternative
Thanksgiving
Break or help send
future breakers to
destinations
around the country!*
