STUDENT BASIC NEEDS PROGRAMS

Montgomery College promotes student success by providing a variety of basic needs resources that support students' health, wellness, and everyday needs. These services include a monthly Mobile Market, hygiene products, and campus food pantries that offer food, snacks, and access to food lockers for convenient grocery pickup. Students can also access Stay Smart Kits, which provide safe-sex resources and information about contraceptive options, including condoms, Plan B, and Opill. In addition, the MC Campus Closet provides free clothing to students who need it.
